RE: In the Matter of the Rehabilitation of Time Insurance Company
Dane County Circuit Court Case No. 2020-CV-1054

Dear Judge Ehlke:

We write on behalf of our client, Mark Afable, Commissioner of Insurance of the State of Wisconsin (the “Commissioner”), concerning the above-referenced insurance rehabilitation action. On September 3, 2020, the Commissioner filed a Notice of Motion and Motion to Approve Assumption. Pursuant to the Notice, interested parties had 14 days from the filing of the Motion—that is, until September 17, 2020—to serve and file any written objections. As of September 17, 2020, and as of today’s date, no objections have been filed.

Because no objections have been filed, there is no need for the Court to hold a hearing on the Motion, currently scheduled for September 28, 2020 at 3:00 p.m. Rather, by this letter, the Commissioner asks the Court to enter the proposed Order Approving Assumption, which the Commissioner filed along with the Motion.

Let us know if you have any questions concerning this letter or the Commissioner’s request. Thank you for your attention to this matter.

Sincerely,

GODFREY & KAHN, S.C.

James A. Friedman
